

A complete range of
Folding Cranes from
250 kg to 2000 kg.

FOLDING WORKSHOP CRANES

ALL CRANES ARE FITTED WITH A D/A PUMP AND SEPARATE HYDRAULIC RAM FOR LONGER SEAL LIFE. NOT A HYDRAULIC COMBINATION UNIT AS FITTED TO MOST HYDRAULIC WORKSHOP CRANES.

All models fold up when not in use, saving valuable workshop space.

- Space saving Fold-away Cranes available in six models for use in vehicle and industrial workshops. Cranes fold down into a flat, compact free standing unit to save space when not in use.
- All models fitted with relief valve to prevent Overload.
- Top quality hydraulics fitted with chrome-plated piston rod on ram and pump.
- If the model you require is not on this leaflet please contact us at the CAM Works. We can produce one off units to a Customers specific requirements.
- There are many other products in our range not covered by this leaflet. Tyre Changers, Workshop Presses, Axle Stands, Cleaning Cabinets, Trolley Cranes and Commercial Wheel Removal Trolleys.
- Fitted with hard wearing nylon front wheels and rear castor wheels for easy movement of crane when operational or folded.
- Manufactured from hollow steel box section for combined strength and lightness.
- Robust construction. Tested to 25% overload. Test Certificate supplied with each crane.
- 12 months guarantee.
- Heavy duty swivel hook fitted with safety latch.
