MANUFACTURES OF QUALITY GARAGE & WORKSHOP EQUIPMENT SINCE 1972

MANHOLE COVER LIFTER

Provides a safe one-man method of operation to remove most types of manhole covers. Giving a smooth, strong vertical pull.

Capable of lifting square, round and triangle manhole covers.

Using the larger set of keys (Also supplied) drain covers can also be removed with very little effort.

When drain covers have been seated for long periods of time they can prove difficult to brake the seal, Not with the MCL with the bolt on the end tighten down to break the seal.

EASILY DISMANTELED TO FIT INTO A CAR BOOT

**S.W.L. 300 Kg
 WEIGHT 20 Kg**

The policy of CAM Equipment is one of continuous improvement and the right is therefore reserved to modify design or specification without prior notice. The contents of this leaflet do not constitute an offer but are descriptions only.

Trades Description Acts

The appearance or specification of equipment described or illustrated in this leaflet may differ as improvements or amendments are incorporated in line with our policy of continuous improvement.

Maintenance

To ensure efficient operation of this equipment, it must be maintained in accordance with the manufacturer's requirements by authorised service personnel.
